» COMPANY HONOR 企业荣誉

广东荣共智能机械有限公司(前身东莞市石碣广工印刷包装机械厂)成立于2005年,现位于惠州博罗智能装备产业园。自创办以来,我们一直秉承“专注 专研”的经营理念,长期为客户研发,生产各类商标、吊牌、标签等印后自动化生产设备。

拥有多个发明和实用新型专利技术,是业内知名的研发驱动型科技企业。服务于多家上市公司和世界500强企业,业务范围拓展至全球多个国家。

本公司拥有研发工程师和售后服务技术人员多名。经过多年努力,先后研发出全自动数码平压模切清废机、全自动圆压排废模切机、全自动RFID多头贴标机、全自动吊牌配页穿绳机等。并成为市场认可的印后自动化设备生产厂家。

创新科技,启迪未来。我们致力于为客户提供完美的印后加工解决方案,持续探索为您的企业节省人力,提高品质,创造效益。

广东荣共智能机械有限公司  
Guangdong KAMGOLD Intelligent Machinery Co.,Ltd.

Guangdong KAMGOLD Intelligent Machinery Co.,LTD (KAMGOLD Printing and Packaging Machinery Factory ) founded in 2005, currently located in Boluo Intelligent Equipment Industrial Park, Huizhou. Since its inception, we have been adhering to the "focus on professional" business philosophy. Long term research and development for customers, producing various types of post-press automated production equipment such as trademarks, hanging tags, and labels.

Having multiple invention and utility model patented technologies, is a well-known research and development driven technology enterprise in the industry. Serving multiple listed companies and Fortune 500 companies, expanding the business scope to multiple countries and areas around the world.

Our company has multiple R&D engineers and after-sales service technicians. After years of hard work, we have successively developed fully automatic digital platen press die cutting machine, full automatic rotary die cutting machine, fully automatic RFID multi heads labeling machines, fully automatic tag matching page threading machines, and so on. And become a recognized manufacturer of post-press automation equipment in the market.

Innovative technology, inspiring the future. We are committed to providing customers with perfect post-press processing solutions, continuously exploring ways to save manpower, improve quality, and create benefits for your enterprise.

# FG-620

## 全自动圆压排废模切机

Automatic rotary die cutting machine with waste discharging

### 适用范围/Applicable Scope:

全自动圆压排废模切机主要针对吊牌和纸盒类产品而专门设计，自动压痕，模切，排废，清孔一次完成。根据柔性刀皮的调整，可实现全切和半切的工艺要求。换款时间短，操作简单，模切的产品无需打钉口。是新式，实用的模切机器。

Automatic die cutting machine with waste discharging is mainly designed for hanging tags and paper box products, with automatic creasing, die-cutting, waste discharge, and hole cleaning completed in onetime. According to the adjustment of the flexible blade, the process requirements for die cutting and kiss cutting can be achieved. Short exchange time, simple operation, and die-cut products do not require nail holes. It is a new and practical die-cutting machine.

### FG-620主要技术参数/Technical Parameters:

蚀刻刀最大尺寸/Max size of flexible blade	620mm*650mm
蚀刻刀最小尺寸/Min size of flexible blade	160mm*160mm
纸张最大尺寸/Max size of sheet	620mm*650mm
纸张最小尺寸/Min size of sheet	200mm*200mm
最小所切单元尺寸/Min size of final product	35mm*35mm
所切纸张厚度/Paper thickness	0.1mm-0.48mm
最快速度/Max working speed	6000sheet/h
最小纸边/Min paper edge	10-15mm
最小除废出血/Min bleeding	3mm
外观尺寸/Machine size	4700mm*1750mm*1560mm
重量/Machine weight	2500kg
功率/Power	10kw
电压/Voltage	3phase380V 50Hz

# FG-420

## 全自动圆压排废模切机

Automatic rotary die cutting machine with waste discharging

### FG-420主要技术参数/Technical Parameters:

蚀刻刀最大尺寸/Max size of flexible blade	400mm*520mm
蚀刻刀最小尺寸/Min size of flexible blade	160mm*100mm
纸张最大尺寸/Max size of sheet	400mm*500mm
纸张最小尺寸/Min size of sheet	200mm*200mm
最小所切单元尺寸/Min size of final product	32mm*35mm
所切纸张厚度/Paper thickness	0.1mm-0.48mm
最快速度/Max working speed	6000sheet/h
最小纸边/Min paper edge	10-15mm
最小除废出血/Min bleeding	3mm
外观尺寸/Machine size	3900mm*1850mm*1400mm
重量/Machine weight	1500kg
功率/Power	8kw
电压/Voltage	3phase380V 50Hz
